

Dear Joan,

On behalf of David and myself, I would just like to thank you, from the bottom of our hearts, for making our day a very special one.

Your professionalism has gone far beyond just being a job.

You have put every bit of your heart into making our day one to remember.

I wish you the very best in the future, as you have those qualities to go very far with your profession. I know that with every couple's wedding you will make their day just as special as you have done with ours.

Again thankyou very much for everything.

Susan and David 12/09/2007

It was so special to be part of our special day on 23rd., April, 2005.
